

# TRENTON TAYLOR

Character Designer

## ABOUT ME

I graduated from SCAD with a bachelors in fine arts and digital media in 2016. I majored in animation which extended to my passion for character design and Concept Art. I love to tell stories with my art. I look for roles that allow me express my art in that manner. This generally leads me to places where I'm working with a team to create something doing various things such as storyboarding, Character designing, and sometimes animation.

## EDUCATION

2012-2016 **Bachelors of Fine Arts in Animation**  
Savannah College of Art & Design

## EXPERIENCE

### 2023 **Freelance Character Designer for Animated show Pitch**

- Worked with Freelance Writer to create Characters from Character description prompts.
- did various color choices to find which colors best fit the character.
- drew multiple angles of the characters so that potential animators would have a better understanding of the characters form.
- organized finished work in shared cloud drives so that designs would be accessible to other team members

2018

### **Freelance Character Designer for 'Imagine That' Pitch**

- Made Turnarounds for characters
- worked with clients critiques to tailor designs the way they saw fit.
- worked remotely with client and made sure files were fit for being transferred through Dropbox.

2017

### **freelance motion graphics animator**

- created motion graphics using Adobe after effects.
- composited reels for finalization
- occasionally used 3D models imported from Maya for effects.
